

PRESS RELEASE

Date 7 October

Healthy Working Lives Awards for Stevenson College Edinburgh

Stevenson College Edinburgh has received the Healthy Working Lives Mental Health Commendation Award in addition to the HWL Silver Award achieved in 2008. The MHC Award is in recognition of the support and services to promote staff and student mental health and well-being in the workplace.

This brings the number of organisations receiving this Award in Scotland to just 11 and only two other educational institutions have received this award.

Director of Human Resources at Stevenson College Edinburgh, Dr Steven Hall, said:

“We are delighted to achieve this award and would like to congratulate all staff for their hard work in making increasing awareness of mental health and providing support and services to the college community of staff and students.”

Stevenson College Edinburgh has also signed the ‘See Me’ Pledge; a health and mental well-being commitment to help eliminate the stigma and discrimination of mental ill-health.
